Paul Finnicum Mayor Viola E. Gustafson Clerk

February 1, '82 Council met in regular session with Mayor Paul Finnicum, Ray Halvorson, Verle Lambert, Larry Rasmussen and Greg Hennessey present. Paul Finnicum took his oath of office. Minutes were read approved. Mayor Finnicum welcomed the new members to the council. The following appointments were made by the Mayor. Ray Halvorson, Chairman of the council and Streets and Alleys, Larry Rasmussen-Ordinances-Auditing and Financing, Arnie Skedsvold-Swimming Pool and Parks, Verle Lambert-Water and Sewer. Dr. Robert Bell was appointed Fire Chief, Patricia Bradley-Police Magistrate and Viola E. Gustafson, Clerk-Treasurer. Don Williams, Safety representative from the Mont. Highway Dept. told us the speed zone signs of 25 m.p.h. would not be moved to the edge of the city limit, however a cross walk could be installed on 2nd Ave. West for foot traffic coming across highway #2. Council suggested, if Culbertson and the School District traded property, maybe a cross walk would be needed farther east of the proposed crossing. Mr. Williams also mentioned the brush along Highway # 2 needed to be trimmed. Oscar Olson, library board rep. asked if small tables and chairs could be purchased out of the budget, at the time the budget was set up this request had not been made however the mayor asked the representative to get estimate cost and if these could be purchased thru the school?

Moved by Verle Lambert and Second by Ray Halvorson to accept Steven D. Baldwin performance bond. Motion Carried.

April 12, '82 6:00 P.M. Council continued their meeting from April 5th. Those present were Mayor Paul Finnicum, Verle Lambert, Ray Halvorson and Arnie Skedsvold. Larry Rasmussen absent.

Rep. Gary Rankins from Tractor & Equipment was present. Councilmen were all in agreement that his machine was a very good machine, but \$58,798. was more money than they had to spend for a front end loader. They thanked him for his interest in bidding and taking time to attend the meetings.

After considerable time spent in discussing the front end loaders, Arnie Skedsvold moved, "That the subject of a loader be tabled indefinitely and all bids be rejected Second by Verle Lambert, motion carried. Clerk to write letters to all bidders. Arnie Skedsvold suggested council schedule and informal meeting with all the local contractors to receive prices for the different heavy equipment jobs, and to see if any are interested in doing work for the town. It was brought out that from passed experience that often times local contractors are busy and can't find time to do our work.

G.J.V.-74 Transfer of funds to pay water -Water and Sewer revenue debts. Water & sewer operations discussion - lift station problems and fence around reserviors. It was then suggested that a hasp and padlock be put on chinator shack since this could be opened with a pen knife.

Arnie Skedsvold moved to have chairman of water committee and Mayor Finnicum fly to Billings to look and check out sewer machine. \$100 to be paid toward their flying expense. Second by Ray. Motion Carried. Building permit for Terril Raaum garage granted.

Clerk will be out of office from 4-13 thru 4-20 and perhaps a few days longer due to illness in family. Lois Olson to be in office part time to take messages and post water stubs.

With no further business the meeting adjourned.

Paul Finnicum Mayor Viola E. Gustafson Clerk

May 3rd, '82 Council met in regular session with Larry Rasmussen, Verle Lambert, Ray Halvorson, Mayor Paul Finnicum and Attorney Hennessey present. Arnie Skedsvold absent. Minutes were read approved. Lloyd DeTienne discussed the possibility of changing the mobile home property to commercial and or industrial property. The reason for the change is that state paper work is such a hassle and with all their efforts to comply, it still wasn't approved. Larry Rasmussen moved, Ray Halvorson second to change this property useage to commercial. June 7th to hear protest changes of property use. Motion carried.

Cemetary board, Roy Lemieux and William Krall would like to see some changes of streets and alleys at Hillside cemetary. A special meeting to be May 10th at 7:00 P.M. at clerk's office to discuss possiblilites.

The lift station roof bids were from Joe Sundhiem a peaked roof on both the garage and motor rooms at \$3500.00, Larsen Construction at \$4586.00 with a sloped roof on just the motor room, Ellerkamp with a peaked roof on both was \$3585.00. Moved by Verle Lambert and second by Ray Halvorson to have Joe Sundhiem do the work. Motion carried.

Had some unhappy county personnel when water was turned on at the County fair bldg and the weed spray bldg. County didn't do a very good winterizing job and the bldgs were flooded before water was shut off. Council feels that some one should be there when the water is turned on to prevent such happenings.

Donald Sylvester's overtime was reviewed and after some discussion Ray Halvorson moved and Verle Lambert second to pay this overtime. Motion carried.

Clerk to place an ad in the newspaper to call for bid sale on a 350 gallon bulk tank and stand. To sell to best offer.

Council agreed to pay \$100 for flying expense to Mayor Finnicum to go to Billings to look at a sewer roding machine. Verle to go with if at all possible. If one can be found the purchase price to come out of oil severence production money.

The following bills were referred to the auditing committee and ordered paid.

August 2, 1982 Council met in regular session with Ray Halvorson Acting Mayor, Verle Lambert, Larry Rasmussen and Attorney Greg Hennessey present. Frank Tlustosch met with council to determine if the trailer house that was moved in was in compliance with the town ordinance and his building permit. After some discussion and review, Attorney Hennessey said it would be. The trailer house will be on a permanant foundation and entirely enclosed in the addition to the house. Minutes were read approved. Building permit for Howard Iverson bus garage was approved. Mrs. Roger Jacobson's building permit didn't meet the spec's of the building ordinance. Larry Rasmussen wished to register an objection to this ordinance in the size of the mobile home and the permanant foundation. Alvin Lien wished to register a complaint on the bad taste and smell of water. The hydrants will be flushed to see if this will help. Moved by Larry Rasmussen to resolve the SID REVOLVING fund loan to pay of SID # 4 The entire town was assessed for SID #4 as is the SID REVOLVING fund. The SID REVOLVING fund is now over the amount for reserves and the balance will be transferred to the General Fund. Rather then making a special assessment to repay The Revolving fund and transferrring funds be it resolved to write-off this loan..... Second by Verle Lambert. Motion carried. Bids were opened for gas tank and stand. Bids as follows \$76.00 Richard Rumsey, \$50.00 Hannes Hallgrimson, and \$135.00 Larsen Construction Co. Moved by Larry Rasmussen and Second by Verle Lambert to sell to Larsen's Const. Co., Motion carried.

Dr. Bell continuing problem of fires at the dump. Out of 15 fire calls 5 have been at the dump. During very dry seasons no fire should be set. With the gusty winds the fires present a real hazard to all property owners bordering this area. A letter to the County Commissioners to be sure none of their empolyees set any fires while covering. *have*

Moved by Verle Lambert to *have* Joey Sundhiem paint the lift station white and to board up the space between the two bldgs. Also to repair the roof on the pump house at the river. Second by Larry Rasmussen. Motion carried.

August 9, 1982

Ray Halvorson, Chairman of the Council opened the first of two public hearings concerning the community needs. Mike Alberi, Director of Utilities with HKM Associates was on hand to answer any questions that concerned the community survey and block grant program. There were fourteen interested persons present.

The survey used was taken from the Community Block Grant program example. A brief summary of the indentified needs in the community. Public Transportation, Retail Shopping Opportunities, Disabled/Handicapped Facilities, Job Training Opportunities and Water Quality. These were rated from 266 to 247 points. In the Local Government Leadership Role priority was utilities (water) and law enforcement.

Interesting responses came from age groups of: more than 20 yrs old which was 60%, 30% of more than 30 yrs of age. From the survey 93 to 108 responses say Culbertson has grown in the last ten years. 55 Responses say Culbertson will continue to grow. 75 responses say it is important to grow. 69 responses were, Culbertson is a good place to live, 41 responses - Culbertson is an average place to live and 4 thought Culbertson was a poor place to live. The majority felt that an increase in all phases of community development will make this a better community to live in. 93 felt we need more businesses and 96 say we need more shopping. Few felt more chooses of housing would be good. Most felt that there house should be warmer.

Community input at this meeting was as follows: Transportation really is adequate with bus service going north-south and east-west. Some felt train service would be of some importance. For Retail Shopping the group felt the town should be encouraged in some way to get more businesses to come in. The Handicapped/Disabled was not necessarily meant to be a priority. Parks and playgrounds were sufficient. A lot of discussion around the needs for repairs to the swimming pool and the library building. Many questions concerning water and water facilities were asked. Why the bad taste and smell in the water. Almost impossible to drink, Bad, Bad. What can be done to correct these problems? Is the water fit to drink? What bacteria is in the water? What is turbidity? Mr. Alberi and Water Supt. Donald Sylvester gave answers and reasons for the conditions.

To get better quality water would be to install a filteration system. This can be done by selling Revenue Bonds and grants. Community Block Grants are based on the needs of the community and \$400,000. is the most we could receive if we qualify. Application to the Department of Natural Resources is another source should we qualify.

Once the filteration system is in it will require more man hours to operate it. There will be more operating costs and there will be a new water line laid from the river to the filteration sight. At the present time one reserivior is leaking quite badly. This will have to be repaired leaving only one reserivior for settling and supplying the town. This will be quite a problem in itself. One method for repairing would be to dry it out enough to excavate the coal seams and line with bentonite at the cost of \$109,000. The drying time may be as long as several years. Method no. 2 would be to dry it out enough for humans to walk on and lay a flexible membrane liner. The cost of this is approximately \$160,000. With the filteration system this would eliminate time and expensive repairs.

The entire group was in agreement to turn all interests toward better quality water. Make water the first priority. The swimming pool repairs and the library building repairs as priority for another year.

With no further business the meeting adjourned until August 23, 1982 at 7:30 P.M. in the clerks office for the 2nd public hearing.

Sylvester & Sylvester - Town Clerk

August 23, 1982

Minutes of Second Public Hearing

Council held its second public hearing of needs for the Community Block Grant Program. Those present were Mayor Finnicum, Councilmen Ray Halvorson, Verle Lambert, Larry Rasmussen, Mike Alberi, Director of Public Utilities and Tom Eggenesperger, Environmental Planner with HKM Associates. Several other persons were also in attendance.

The approach of applying for the grant and how this will effect the low and moderate income family was the discussion of the meeting.

One approach would be to create a SID which will allow the expenditures of the block grant funds to ^{be} used as ^a subsidy for SID Assessments. Then another approach would be to sell revenue bonds for the difference of money needed and the grants.

There is considerable amount of administrative work to create a special improvement district, to establish who would be eligible for the benefits for low and moderate income families. Without the CDBG many of our citizens would be faced with another hardship to pay special assessments and the increased water rates. The council will be responsible for the administrative work.

The swimming pool problems were discussed again. The consensus of the group was that better quality water was still the number one priority. Without better quality water the pool will still have problems.

Motion made by Verle Lambert to adopt a resolution of intent to create a special improvement district, conditioned upon the awarding of the Community Development Block Grant. Second by Larry Rasmussen. The motion passed unanimously.

With no further business the meeting adjourned.

Respectfully,

Viola E. Gustafson

September 6th, 1982 Council met in regular session with Arnie Skedsvold, Ray Halvorson, Larry Rasmussen Mayor Paul Finnicum and Greg Hennessey, Attorney - present. Minutes were read and approved.

Representative of Library Board, Marie Wolschagel asked council to appoint Lori Mattelinto the ir board. Winifred Rumseys term has expired. Moved by Ray Elavorson, second by Arnie Skedsvold to grant this request. Motion carried. Loretta Segars presented to the council petitions with approx. 312 signatures to repair the pool before opening of the pool next season.

She gave council copies of their duties taken from the Montana codes as elected officials. She gave a report on different loans or grants and has written several letters to obtain money for the pool.

Arnie Skedsvold, chairman of parks & pool asked that sa committe of about five people be organized and be an advisory group to the council. Arnie says he has contacted engineers to see what can be done and if plastic pipes can be used satisfactorily. This consultant Engineering firm is from Bismark and do the Williston pool services. The engineer will come to Culbertson with just mileage fee from Williston.

Supt. Wolschagel says the school has not been formally asked about library space and the pool. This of course is just some discussion as yet. He did request the town to strip the street for angle parking from Hi-way #2 to 3rd Street. This being 1st Ave. W. Arnie Moved to grant this request. Second by Larry Rasmussen. All members of council were in favor of this. Traffic us not obeying cross walks and stop signs in the school area and asked the editor to appeal to the public.

Larry Rasmussen moved to hire Aldon Nichols to run the sweeper. Second by Ray Halvorson. Motion carried.

The building permit for Roger Jacobson was reviewed. It appears the permit is not stated clearly enough to be acted upon until further information can be made available.

Motion to repeal resolution No. 97 as to polling in the basement of the ASCS Building. To make the polling place for wards one and two at the Multi-Purpose Room in the Town Hall. Moved by Larry Rasmussen, second by Arnie Skedsvold. Motion was in favor of all councilmen. Resolution No. 206 will becme part of these minutes.

Moved by Ray Halvorson, second by Arnie Skedsvold to give letter of intent to sell water to The Roosevelt County Rural Water District. Those voting "Aye" Larry Rasmussen, Arnie Skedsvold, Paul Finnicum and Ray Halvorson. Those voting "no". None. Those absent and not voting was Verle Lambert. Motion carried.

Clerk to place ad in the paper for a landfill attendant. Dan Heckmun quit.

Larry Rasmussen brought to the attentance the number of vehicles on the street that seem to be abandoned. Oil is running on the pavement from these vehicles. Joe Gandrud will toe vehicles to the gravel yard for \$25.00 a piece and he would like to store other vehicles their for \$10.00 a month until claims have been satisfied, with a written agreement.

Red's Electric to install electric heaters in the water and ambulance garage. Paul to check on the heating system in the Multi-Purpose room. The following bills were referred to the auditing committee and ordered paid.

Paul Finnicum

Mayor

Viola E Gustafson

Clerk.

December 6, 1982 Council met in regular session with Mayor Paul Finnicum, Ray Halvorson, Arnie Skedsvold, Verle Lambert, Larry Rasmussen and attorney Greg Hennessey present. Minutes were read and approved.

Dutch Sylvester reported on the water and waste water operation. Council asked him to remove hose from hydrant. Pickup repair was not authorized. Council cautioned Dutch to get authorization before such repair work is done. We need to shop around, get cost and labor. Sewer lift station pumps to be repaired and the leak cemented.

Loretta Segars reported on the progress of the pool committee. Applications to Burlington Northern has been filed for repair and maintenance needs. Matching funds are need for BOR Grants. Moved by Larry Rasmussen and second by Verle Lambert to use \$11,700 from oil severance production. Motion carried. Another application is being filed for another kind of grant for the pool.

One garbage collection bid was received from Steven D. Baldwin with all the necessary insurance and bond information. The bid \$28,800. Moved by Verle Lambert, second by Ray Halvorson, to accept this bid and the contract to remain the same. Motion carried. This was in agreement with the bidder. Garbage rate inscrease for Culbertson Implement to \$12.00, Larsen Const. to \$12.00 and Gamble store \$30.00. They are no longer hauling there own garbage.

After some discussion on county solid waste district it was moved by Arnie Skedsvold second by Verle Lambert that Mayor Paul Finnicum be the town representative. Motion carried. Vernon Pascovsky and Jim Falcon, Bainville councilmen were interested in the feelings of town council on solid waste district and if Culbertson was going along with there program. Bainville felt the district would be quite costly. Culbertson council were interested with the latest figures which haven't been received as yet. They aren't making any committments until all information is available to them. Clerk is to get polices and rates from the City of Williston on their landfill. There's seems to be working quite well.

Moved by Verle Lambert to redeem SID #6 bonds as recommended by auditor. Nos 101 to 141

Second by Larry Rasmussen. Motion carried unanimously.

Ten job applications have been received. Of those council requested interviews with LeRoy Norris, Bruce Vannett, Jim Nicol, and Douglas Finnicum to held Dec. 13th at 7:00 P.M. at the clerks office. They are to be on 3 to 6 mos. probation with \$5.00 per hour.

Moved by Arnie Skedsvold to have Town Clerk be director of personnel. The council direct personnel thru the clerk. Second by Larry Rasmussen. Motion carried. It was the consensus of the council to talk with Dutch Sylvester and explain to him the reasons for doing this. This should also be in writing with a copy in his folder. All personnel report to the clerks office at 8:00A.M. and 1:00 p.m. and again before to let the director know what had been accomplished that day.

Pat Picard said he would fix the fence at the reserviors with five wires for \$1000. He hasn't been around to the work.

Meeting needs to be set in January with the new sheriff and other law enforcement officers. Bainville and Froid to be invited .

Check on crawler for the land fill . This depending on what develops at the solid waste meeting next Tuesday.
